Summer Art Weeks 2022

A vibrant celebration of the region's creative talent

A very warm welcome to Summer Art Weeks 2022 and to the return of our much-loved printed brochure! We hope you enjoy flicking through the pages, planning which artists to visit, and then keeping it for future reference.

This year's is a bumper edition, as we have over 400 artists and makers taking part at 149 venues across Warwickshire and Coventry. From bars to barns, cafes to churches, galleries to gazebos, halls to hallways, you'll find amazing original art presented by the talented creators. To see where the magic happens, pop along to the working studios – more info can be found overleaf.

As well as the many new artists taking part this year, those you may have visited previously will be sharing new work. And all at affordable prices should you be tempted to treat yourself or buy a gift for a loved one. As ever though, there's genuinely NO expectation to buy anything. But if you do, you can be sure the artist will do a happy dance!

Since 2000 Warwickshire Open Studios has grown to become the county's largest annual exhibition of visual art. Run BY artists FOR artists and art lovers, the event is entirely self-funded with no external financial support. Entry is FREE to all our venues and everyone's welcome, so why not start planning your visits today...

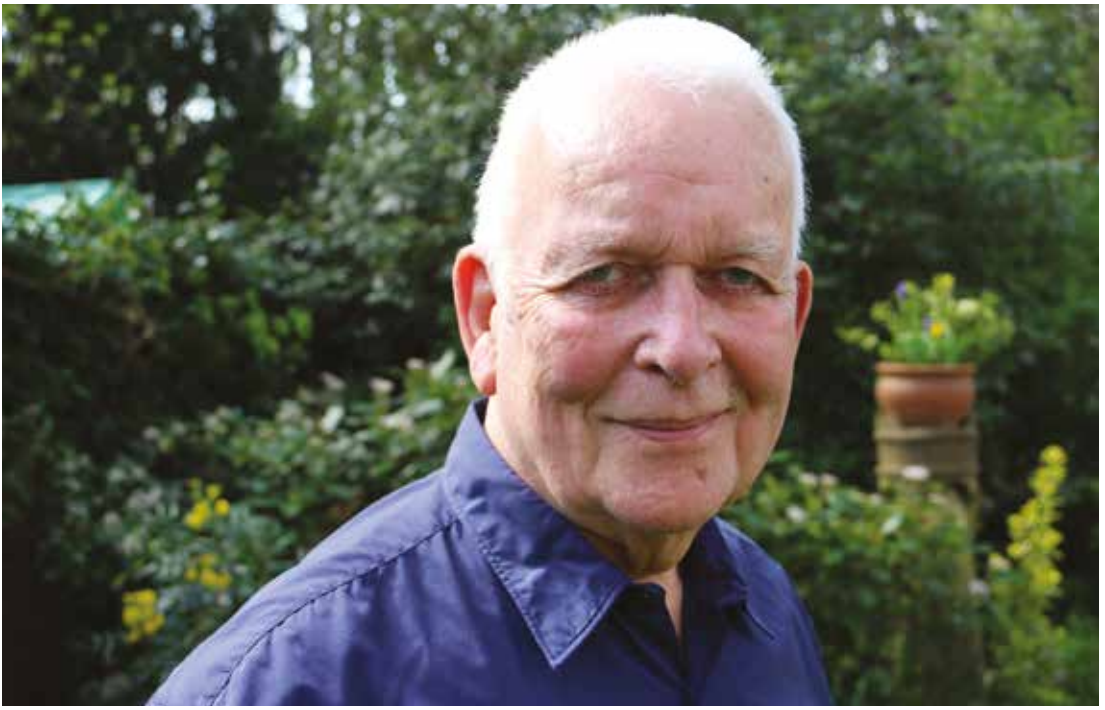
Patron's foreword:
Andrew Davies



I am honoured to be Patron of Warwickshire Open Studios for another year, and what a special year this is going to be as we cautiously or boldly emerge from Covid restrictions.

Real live art in real live places! More artists and more venues than ever before! And I predict that more people will visit the exhibitions - everyone will be dying to get out and see things and touch them, and perhaps even buy them.

I've had a preview of some of the work, and I believe the quality this year is quite exceptional. Coventry & Warwickshire artists have a lot to be proud of.

Andrew Davies is a writer of screenplays and novels, best known for House of Cards and A Very Peculiar, his adaptations of Vanity Fair, Pride and Prejudice, Middlemarch, War & Peace, Les Miserables, Sanditon and his recent production A Suitable Boy. He was made a BAFTA Fellow in 2002. Andrew lives in Kenilworth with his wife, artist Diana Davies.

YOUR CHANCE TO PEEP INSIDE A WORKING STUDIO

Summer Art Weeks enables you to enjoy wonderful art in interesting places, but the best way to 'experience' it is by visiting a working studio.

As the name suggests, this was the original premise behind Warwickshire Open Studios. For a short period each year, artists and makers would open their studios and invite art lovers into their world.

Since 2000, our Summer Art Weeks has evolved to include group events and pop-up exhibitions in private homes and gardens as well as various public spaces, while remaining true to the essence of Open Studios. This year we're delighted to have a significant number of venues that are working studios and we hope that you'll manage to visit some of them.

Where the magic happens…

Whether it's in a converted garage, a purpose-built garden studio or a commercial space, a working studio gives you a peep into the artistic process and specialist equipment involved. Most of our artists will be working on new pieces during Summer Art Weeks. Seeing this in action gives you a deeper appreciation of the time, skill and patience required to produce the end product – from raw materials to finished artwork.

Visiting working studios also provides a fascinating insight into artists' creative spaces, from paint-splattered floors to wood shavings everywhere. What's more, artists love to chat about their work and their inspirations; it's even better if they can show not just tell!

WORKING STUDIO

To identify the working studios taking part this summer, look for the label next to the individual entries.

NOTE: Because of the tools and equipment in situ as well as artworks in progress, working studios are generally not suitable environments for young children or dogs. Please bear this in mind when planning your visits or check with the individual artist(s) first.

INTRODUCING EMERGE – NEW FOR 2022

Whether you're a recent graduate with an art degree or seeking a lifestyle change from regular employment, finding your place in the creative arena can be a real challenge. Taking part in WOS Summer Art Weeks is a proven catalyst in this journey, so we offered four bursaries to enable emerging talent to get involved with this year's event.

Applications were open to artists aged 18+, working in any art medium, who were new to WOS. The bursary of £250 is designed to be used to fund art materials, framing, printing, display equipment, travel costs etc. In addition, the successful artists received one year's free WOS membership and free entry to Summer Art Weeks 2022, as well as help in finding a venue and ongoing mentor support to prepare for the event.

The four bursary winners are:

Georgina Davenport - The Courtyard Gallery (venue 40).
Georgina uses conte, coloured pencils and charcoal to make artworks inspired by what she sees. Drawn to fleeting moments, she aims to create a sense of movement and stillness at once. Her interest in art began at school, before studying a BA in History of Art. As a recent graduate, she is now developing her practice with a view to becoming a professional artist. Being part of Summer Art Weeks will enable her to show her work to a new, diverse audience and push her boundaries with the support of a mentor.

Holly Brandrick - The Litten Tree Building Showroom (venue 124)
After completing an Art and Design Foundation course at DeMontfort University, Holly graduated with a BA (Hons) Fine Art in 2021. Working predominantly with oils on canvas, she has also recently started to experiment with clay and printmaking. Symbolism is a strong theme throughout her work, which depicts a world that is familiar yet mysterious through ambiguous characters. The bursary will allow Holly the freedom to create large-scale impactful work, which is not financially viable otherwise.

Katy Walden - Art @ St Nicholas House (venue 84)
Katy's inspiration for her oil and acrylic paintings comes from places she has visited as well as everyday observations. Her creative journey has been on a very long pause. After graduating with a degree in Fine Art in 1994, art took a back seat for personal reasons until her passion for painting was reignited during the first lockdown. Receiving an EMERGE Bursary has given Katy a huge confidence boost, as well as welcome financial assistance for her artwork. She currently works in a primary school and teaches children's painting classes yet hopes to become a professional artist.

Sarah Jordan - Art on the Lawn (venue 62)
Sarah started out as a portrait artist, primarily focusing on oil and photo-realism, but is currently interested in cyanotypes and watercolour overlays with botanicals and nature as her inspiration. After training in Fine Art (Painting with History of Art) she worked in Mallorca where she painted commissions for nightclubs, before becoming an art teacher. She is hoping to set up workshops this year from her studio in Warwick.

THE CERAMICS STUDIO

Gaye Calleja [A] CERAMICS

01789 459123 | /gayecallejaceramics | gayecalleja@btinternet.com

Through clay I celebrate and share my childhood memories of growing up in a small rural Warwickshire village and having the opportunity to discover and explore the natural world around me.

Lesley Long-Leather [B] PAINTING

07703 217847 | /lesleylongleather | Lesley@lesleylongleather.co.uk

My paintings and drawings reflect my joy in the everyday. I find magic in the colour, shape and pattern of the objects I collect – ceramics, textiles and found pieces. The flowers and produce of my garden and the countryside inform my work.

Leyla Folwell [C] CERAMICS

01789 459123 | /leylafolwellceramics | leylafolwell@gmail.com

I wanted to be a painter when I started art college 30 years ago, but I got distracted by the possibilities of clay. I often feel like I'm just preparing very technical canvases in order to enjoy the exhilaration when the brush makes contact with the clay.

Diana Davies [B] MIXED MEDIA

07376 428556 | dianalennoxd@yahoo.com

Sails in Antigua, mountains in Skye, seaside cottages in Devon and a winter walk with the poet laureate inspired these exciting abstract works in paint and mixed media.

Liz Townsend [C] PAINTING

My paintings are joyful with adventurous colour combinations and textures. I am drawn to beauty of scenery and unusual objects painted in a semi-abstract style, which can light up a room or provide a focal point for a decorative scheme.

KENILWORTH ARTISTS

07932 642202 | /kenilworthartists

We are a collective of artists living in Kenilworth, creating a wide range of work including painting, ceramics, furniture, glass, textiles, prints, cards and calligraphy.

Our group was founded in October 2018 with the aim of promoting and exhibiting the works, talent and the fantastic range of art being produced by creative people in Kenilworth.

Since the small seed of the idea was planted we have grown to 50 members strong and now have an established presence in the town.

We take an inclusive approach - there is no membership fee - and we meet to share ideas and opportunities, working together (often in partnership with the Kenilworth Arts Festival team) to create exhibitions and events locally.

In September 2019 we were delighted to launch our inaugural collaborative exhibition with a buzzing and successful private view, followed by a sunny Saturday of art, tea and cake. The event took place at the Parochial Hall in Kenilworth as part of the Kenilworth Arts Festival.

To date, we are proud to have produced the following exhibitions and initiatives:-

- 'Made in Kenilworth' - an exhibition by local artists at Parochial Hall (September 2019)
- '15 Days 15 Artists' #artweeksfromhome (June/July 2020)
- 'Art Wall' - an installation in Talisman Square (September 2020 to present day)
- 'Art in the Car Park' in Talisman Square (September 2020)
- 'Art @Abbey End' (September 2021)
- 'Art in the Window' displays in the former Poundland, Thorntons' and Thomas Cook shop windows (September 2020 to present day)
- Permanent art exhibition in Ardens coffee shop, Talisman Square
- 'Countdown to Christmas' daily videos for the 24 days of advent
- 'Art @ St John's' as part of Summer Art Weeks 2021.

We have also represented the group at the Autumn Arts and Crafts Fair at Chase Farm, and have had our own Kenilworth Artists Christmas Tree as part of the St Nicholas Christmas Tree Festival trail around town in December.

acknowledgements

Warwickshire Open Studios has grown considerably since it first began in 2000 into a very successful organisation, promoting the talented artists of Coventry and Warwickshire. This would not have been possible without our growing team of volunteers working behind the scenes providing their time and expertise.

We would like to take this opportunity to offer our particular thanks in 2022 to the following:

Janette George (Director)
Claire Henley (Deputy Director)
Eric Klein Velderman (Deputy Director - Branding)

Geraldine Jones (Communications & Marketing Support)
Jo Bond (Finance)
Jacqui Smithson (Admin)
Alix Almond (Instagram & Advertising)
Matthew Rea (Connect)
Jaimie Volkaerts (CIC Planning)
David Clargo (Plein Air)
Andy Farr (Summer Show)

Andrew Davis (Patron)

We offer our gratitude to Dan Parr (Brochure) and Alun Ward from Eye Division (Website) for their creative and technical support and Rosie Scares (Facebook) and Lucy Willcock (PR) who are helping to spread the word.

Finally, without our wonderful artists and members there would be no art, so thank you for putting yourself out there and sharing your work.

Open to all artists, our summer event is a celebration of the quality and diversity of visual art found across Coventry and Warwickshire. It includes paintings, photography, drawings, ceramics, jewellery, installations, printmaking, textiles, metalwork and glassware. Venues range from artists' homes, studios and gardens to pop-up exhibitions in churches, cafes, pubs, shops, galleries and other wonderful venues.
